

Trex[®]

LIGHTING COLLECTION

LIGHT UP YOUR TREX DECK, IN A SNAP

Let Trex® lighting take your outdoor space from invisible to inviting. From stairs to railing posts to deck perimeters, Trex® Outdoor Lighting™ combines effective ambient lighting with energy-efficient technology.

Trex®

BEAUTIFUL AND FUNCTIONAL

- Variety of colours to complement any space
- Out of sight during the day, beautiful light at night
- Options to suit any deck
- Increases the safety of surfaces and stairways

HIGH PERFORMANCE

- Energy-efficient LEDs for long-lasting illumination
- Weather-proof and salt-air resistant
- Total lighting control via timer and optional dimmer with remote

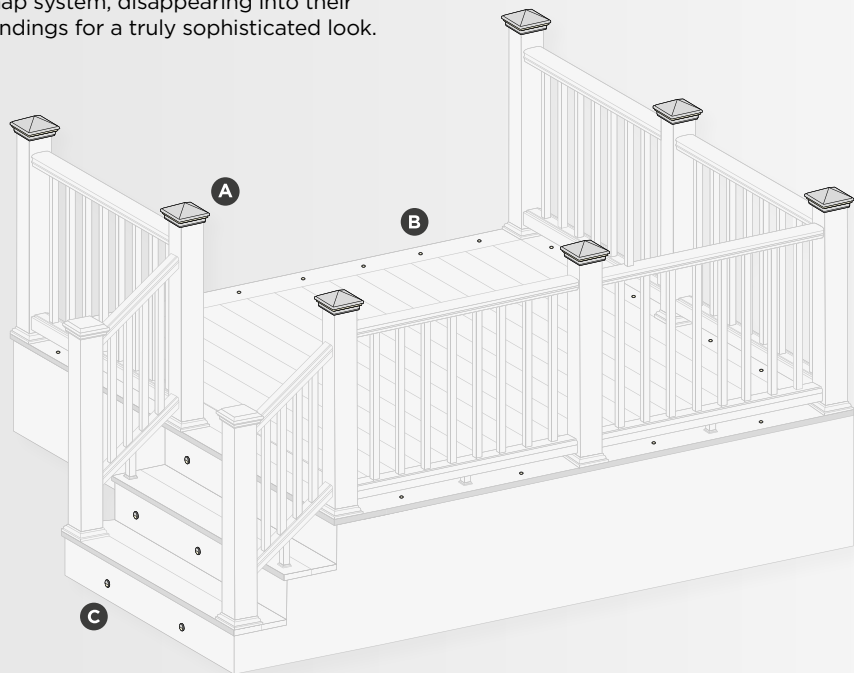

TREX® QUALITY THROUGH AND THROUGH

- Part of a complete Trex package
- Trex LightHub® 'snap and go' connection system makes set-up simple
- Suitable for new decks or retrofits
- Protected under warranty

EXTEND YOUR OUTDOOR LIVING INTO THE EVENING

The Trex range of lighting provides the ability to create a warm glow on various deck areas. Best of all, the lights install via a simple plug and snap system, disappearing into their surroundings for a truly sophisticated look.

A POST CAP LIGHT

Tucked discreetly under the cap, post cap lights provide a warm downward glow and easy wayfinding.

B RECESSED DECK LIGHT

These subtle dot lights install flush on the deck boards to efficiently light the way.

C STAIR RISER LIGHT

Installed into step risers, these lights are durable enough to handle years of passing foot traffic.

SIMPLE. DURABLE. DEPENDABLE.

TRANSFORMER - 30W

A high-tech power supply to provide years of power to your Trex lighting project.

6-WAY SPLITTER - 4 PACK

The 6-way splitter features 6 ports that connect your power source to your lights.

MALE WIRE - 1.5M/6M

Trex LightHub® extension cord. Available in two lengths.

FEMALE-FEMALE ADAPTER

Connect two male extension wires with this simple to use adapter.

FORSTNER BIT - 6 PACK

The perfect tool to drill precise holes for Trex recessed deck lighting.

REMOTE DIMMER

Designed to effortlessly adjust the brightness of your Trex lighting system.

A photograph of a wooden deck staircase at night. The stairs are made of dark wood and feature integrated lighting strips under each step, which are illuminated. A white railing with dark metal balusters runs along the side of the stairs. The background shows a dark sky and some trees.
